## Churchrock Chapter

The Churchrock Chapter House is located east of the Indian Village near the junction of State Route 566 and the old U.S. Route 66, generally within ten miles east of Gallup, New Mexico. The Indian Village Housing located in the Churchrock Community was once used to house employees from the Fort Wingate Army Depot during World War II.

The Churchrock Chapter conducts monthly meetings to keep residents informed; residents have a forum to express their opinions to their Navajo Nation Council Delegate or to decide on matters concerning their chapter.
